SIoux CITY, IOWA.

N. B. If you have any Clover, Timothy, Millet, or Grass Seed to sell, send me samples.

MARKET GARDNERS, ATTENTION.

Two years ago I opened up a **Retail Seed Store** and have to-day a well established business. I handle nothing but the very best obtainable. My seeds are grown on contracts especially for me. The best gardeners are coming to buy seeds at my store. Read what some of Sioux City's best gardeners say of my seeds.

SIoux CITY, January 20, 1899.

J. S. Michael :

DEAR SIR—Your French Grown Radishes are a grand success with me. I am glad we have a retail seed store like you have established. You will have my support and trade.

P. REARD.

SIoux CITY, January 15, 1899.

J. S. Michael :

DEAR SIR—I have tried many Seedsmen's Celery Seed, but the Pacific Coast Grown Celery Seed I have been buying from you beats them all. I consider that the Pacific Grown is the best Celery Seed in the world.

THOS. WILLIT,

Proprietor Sioux Celery Farm.

SIoux CITY, January 10, 1899.

J. S. Michael :

DEAR SIR—Those Early Record Peas of yours are without equal.

CHAS. MAYHEW.

WALKER'S ISLAND, SOUTH SIoux CITY, NEB., February 1, 1899.

J. S. Michael :

DEAR SIR—The seed [nine varieties] I bought of you last year gave the best of satisfaction. They proved true to name and produced fine crops. The onions raised from your seed deserve special praise. I intend to give you my entire order this year.

Respectfully,

J. F. WINEBRENNER.

FARMERS' WELCOME.

You will *make a mistake* if you don't go to a **seed store** to buy your seed for both the field and the garden. Drive up, hitch and come in. You are always welcome. If you have any field seed to sell send me samples Millet, Clover, Timothy, etc.

EXTRA EARLY ACME.

After testing the merits of the Six Weeks' Potato a few years ago I offered it to my trade as something special in early potatoes, and where it has been kept pure I still claim for it all that I ever did, but this year for the first

time I offer the **Early Acme**, which for earliness is ahead of anything I have ever known. The Acme is five to ten days earlier than the Six Weeks' and a splendid good yielder; a regular good-sized potato. Round, smooth' tempting, and wins for grower the **fancy prices** that the first in the market always commands. Stock is limited. Place your order at once. Dakota grown Seed. Price per bu. \$1.25.

Iowa Farms for sale. \$2 per acre cash, balance 1/4 crop until paid. J. Mulhall, Sioux City, Ia.
